

Adolescent Brain Development and How to talk to your Child about Alcohol

**Presented by Chris Brown,
Certified School Psychologist and Professional Counselor**

**FRIDAY, MAY 18, 2012
(During School Dance)**

7 pm - 9 pm

**Timothy Edwards
Middle School
Alt. 6**

- ~ Join us for an interactive presentation based on current research about how the adolescent brain develops and the influence it has on behavior.
- ~ Get tips on how to have direct conversations with your children regarding underage drinking.
- ~ Learn what parents can do to enable their children to remain resilient in risky situations and make wise choices when adults are not present.
- ~ There will also be time for discussion with Chris Brown and SRO Officer Caleb Lopez of the S. W. Police Department.

Please RSVP by May 16
